

Glee Club Program Is Planned by Las Damas

Las Damas de Lasuen will put the accent on youth with the presentation of the Fermin Lasuen Glee Club under the direction of Arthur Strapp and award-winning speaker Joanne Sunstedt at the April meeting set for Thursday in the main study hall at Fermin Lasuen High School at 8 p.m.

The Glee Club repertoire will include a 16th Century Motet, "O Cor Amoris Victimae," an 11th Century chant, "Tantum Ergo," and Mendelssohn's "The Lord is a Might God."

LIGHTER VEIN

In a lighter vein the Lasuen Quartet comprised of Jim Martin, Gil Henry, Joe O'Hara, and Mel Strapp will sing a group of popular songs.

Strapp, who is a faculty member at Lasuen, was graduated from the Juilliard School of Music and attended the Pius X School of Sacred Music in New York where he studied with the distinguished Dom De Jard of France. He will present the Lasuen group in concert at late May with the date to be announced.

WINNER

Miss Sunstedt, who recently won the coveted regional contest sponsored by the Lion's Club will give her award speech, "My Responsibility in a Changing World." A senior at Mary

Star of the Sea High School, president of her class, and active in GAA, Sodality, Latin Club, and a member of the California Scholarship Federation, the gifted young speaker is now being coached by Sister Mary Patricia for the Lion's Club district contest scheduled for May 19 at Catalina.

Miss Sunstedt's goal is the final contest in San Francisco and competition for the \$1500 college scholarship there. The daughter of Mr. and Mrs. Frank Sunstedt, Joanne is one of eight children and a native San Pedroan.

OPEN MEET

Program chairman, Mrs. Robert Rados, notes that this will be an open meeting and that guests will be welcomed.

The business agenda scheduled by Mrs. Henry J. Smith, president, will include a report on Las Damas participation in the forthcoming Lasuen Fiesta slated for May 11, 12, and 13 at Lasuen Plaza. Members are reminded that the nominating committee which will propose a slate of officers for the 1962-63 club year will be appointed at this meeting.

A coffee hour for members and guests will be hosted by Mrs. Nicholas Maricich assisted by Mmes. Tom Ferrell, Hosph Humm, and William Jensen.

LUCKY WINNER — First place winner in the nation-wide Rambler One Million Dollar Prize Lucky Number contest is (left) Mr. G. L. Painter, 925 9th St. in Hermosa Beach. Painter's lucky number was sent in to contest

headquarters by Al Ortale Rambler, 1855 Torrance Blvd. and 20611 Hawthorne Blvd. Another winning number picked from the local Rambler dealer was Lena Condella of Los Angeles, who received a stereo hi-fi set.

Missing Members of Torrance Class Of 1957 Sought for Reunion

At a meeting held at the home of Mr. and Mrs. Ralph E. Sprout, 1327 Beech Ave., Torrance, a reunion committee made final plans for the Torrance High School class of '57 reunion.

The event, scheduled for Saturday, July 7, 1962, will begin with a social hour at 6 p. m. at the Hacienda, 301 South Western Ave., in San Pedro.

Dinner will be served at 7 p. m. and will be followed by a program, including news of class members for the past five years and the showing of movies from the senior class trip to Catalina in 1957.

MUSIC

Persons attending will dance to the music of the Hacienda Orchestra. Women are requested to don their "dressiest dresses" and men, suits of sport coats and ties.

Reservations must be made by June 1, 1962, with Miss Marilyn Linscott, 260 Calle de Madrid, Redondo Beach. Reservation forms will be mailed today.

A concentrated effort to contact all class members has been made by the committee. Those who have not yet received correspondence regarding the reunion are asked to contact Miss Linscott, FR 5-3515, or Tom Quaggin, FA 8-6720.

MISSING ALUMNI

Persons knowing the current whereabouts of any of the wandering alumni also are asked to telephone Miss Linscott or Mr. Quaggin. Class members whose present addresses are unknown include:

Joyce Anderson, Teresa Andrade, Mary Barry, Donna Barton, Mike Bertollet, Pat Bernhardt, Charles Bohannan, Flora Bohannan, Connie Breedlove, Shirley Ann Brickman, Richard

Broce, Donna Brown, Tom Brown, Sandra Buchanan, Sharon Buchanan, Larry Buggelin, Judy Cameron, Pat Campbell, Frances Can-n-n, ob Cash, Norm Christensen, Bob Clifford, Larry Coon, Karen Courtney, Dick Custer, Phillip Davis, Roger Davis, Nancy Dorsett, Jo Ann Duran, Jack Dykstra, Wayne Egan, Mike Elliott, John Emery, Joe Erbe, Bill Fitzgerald, Marzetta Fowler, Richard Franjose, Steve Gaines, Ailas Gibbs, Mary Beth Gilels, Ernie Gore, Dick Graham, Herb Graham, Milt Gregory, Pat Gunther, Marjorie Griffin, Eleanor Hanneman, Ron Hargrove, Tony Hartwig, Mary Hawkins, Larry Hays.

Henry Hirose, Don Hoffman, Neva Holdsworth, Tom Holmes, Jimmie Lou Hoy, Larry Hunt, Leigh Hunt, Larry Kellogg, Boz Kelton, Leonard Kissel, Richard Knight, Joan Koppes, Gary Lambrieger, Lorene Ledwidge, Donna Livermore.

Nancy Long, Jerry Lytton, Laureen Maguire, Gary Marsh, Susan McIlraith, Beverly McManus, Billy Melton, Linda Miller, Robert Mills, Judy Morgan, Mary Morris, Dave Murphy, Lee Mellen, Judy Nance.

Darrell Nawdesha, Heida O'Hara, Pat O'Gara, an O-vist, Bill Owens, Sue Plant, Gary Parton, Dennis Patterson, Sally Pool, Steve Pulvers, Pat Quinn, Lupe Ramirez, aren Rawnsley, Gary Rippstein, Barbara Robinson, John Roccaforte, Betty Rusch, Fred Saari, Bob Sad-avage, Don Schulman, Ed-die Shaw, Arlene Shire.

Doug Skaggs, Mary Ann Slack, Sarale Sloan, Delores Smith, Richard Smith, Jerry Stillabower, Pat Sonebraker, Nancy Taylor, Phyllis Titus, Jean Todd, Paul Tomajic, Marilyn Travelstead, Frances Tymasetra, Toby Vena-

ble, Donna Walker. Wynn W'ch, Phyllis Weymouth, Robert White, Rebecca Whitman, John Willis, Helen Wilson, Mary Wood.

High Birth Rate Is Factor in Auto Accidents

The high birth rate of the late 1940's is a powerful factor that enters into the grim picture of death and injury on your highways and must be considered in an analysis of the expected toll for the next few years.

This point was made in a report issued by The Travelers Insurance Companies which has been distributing annual studies of what happened during the preceding year on our highways every year since 1931 with the exception of the war years.

UNDER 25

The report states that according to state licensing authorities, about 15 percent of all licensed drivers are under 25 years of age.

Automobile Drivers Should Learn To Always Expect the Unexpected

When you drive a car, learn to expect the unexpected. Emergencies can run all the way from a flat tire to having another motorist slam into you from the rear as you wait to make a turn.

In fact, more than half of America's highway accidents, which now claim over 700 lives weekly, occur in broad daylight when one car turns into the back of another vehicle. But avoiding rear-end collisions is only one step in driving to stay alive. Safety experts of a world-wide rent-a-car system offer these ten tips on how to deal with highway emergencies:

BLOWOUT

1. In heavy traffic, if you have a blowout your right front tire—don't brake! Grip the steering wheel and keep going in a straight line. Gently feed the gas in short spurts until you have the car under control. Then, and only then, start touching your foot brake lightly. Keep going until you have reached a turn-off or you can pull off the road, completely out of the flow of traffic.

LOCK LATCHES

2. Keep the inside door latches locked. A heavy percentage of auto accident injuries occur when the driver or passengers are thrown out of the car itself after a collision or other mishap. Avis recommends the use of safety belts in all cars to prevent this happening.

3. The front wheels of a car always turn slightly before the body of the car begins to turn. A quick glance at the left front wheel of an oncoming car will warn you if the other driver is about to cross your lane.

DON'T FOLLOW

4. Never follow a truck from which sand is blowing. The sand will coat your headlights and windshield. You can still see all right in the light. When it becomes dark, however, and headlights of oncoming vehicles shine into such sand-blasted glass, it becomes dangerously opaque.

5. Always use utmost caution in passing school buses, particularly during the early morning and early afternoon. Be sure to obey all state laws regarding stopping and passing school buses.

KEEP CALM

6. If smoke is seen or smelled, or a flame observed, above all, keep calm. If in motion, drive completely off the traveled portion of the road, stop, turn off the ignition, unload your passengers and have those not helping you retire to a safe distance—at least 50 feet away. If the fire is in the vicinity of the gas tank, do not approach it. Never use water on any motor, electrical or

gasoline fire. This is a job for a chemical extinguisher, sand dirt or a blanket.

7. If a car passing you cuts too closely in front of you, forcing you to swerve and your right wheel drops off the pavement, don't yank the car back on the road. Above all, don't slam on the brakes. Ease up on your gas. Brake gently and let the other driver go on ahead. After he is well ahead, then pull back on the road, making sure no other vehicle is close behind you.

GOOD DRIVER

8. A good driver anticipates the situation that the driver directly ahead of him is about to encounter by watching the traffic flow several cars ahead. A sudden burst of exhaust smoke from a parked car may mean it is about to pull into traffic. A lazy puff from the

exhaust of a moving car may mean that the driver has taken his foot off the gas and is preparing for a turn.

9. Avoid sudden stops while making a left turn. While waiting and prior to making a left turn, keep your wheels pointing straight ahead. If you turn prematurely, a rear-end collision may throw you into the path of oncoming traffic.

SLUOW DOWN

10. If an oncoming driver blinds you by glare of his headlights, you would be partially blind for seven seconds because you didn't angle your gaze to the right. When this happens, slow down, steer cautiously and stay as close to the right-hand edge of the road as you can until normal night vision returns.
